The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).</p>

Continuation of 11. does NOT place the application in condition for allowance because: Applicant argues that "the features of Bergholz are not fixedly connected as claimed" because they are disclosed by Bergholz as being a hinge joint. This argument is not seen to be commensurate with the scope of the claims since fixedly connected does not preclude the connection from being rotatable about one degree of freedom. The connection disclosed by Bergholz is still fixed in at least one degree of freedom.
